

Berry Giblet Chiller

Model B-GC3015

Model **B-GC3015 Giblet Chiller** from Berry Plumbing & Equipment Company features paddle agitation and a chain driven easy to clean elevator.

Construction:

The Berry Plumbing & Equipment **Giblet Chiller Model B-GC3015** is constructed entirely of stainless steel and UHMW for durability and easy cleanup.

Operation:

Hearts, livers, gizzards, necks or paws are deposited into the **Model B-GC3015 Giblet Chiller** and agitated by the sweeping paddle which is driven by a one horsepower electric motor. Chilled water and ice in the chiller tank chill the giblets which are then unloaded by the elevator, also chain driven.

Maintenance:

Berry Plumbing & Equipment Company designers and technicians have taken great care in assuring that the **Giblet Chiller** is manufactured with smooth rounded surfaces and easily removable covers to make thorough clean up easy for cleaning personnel. The Elevator Assembly can be removed for cleaning or maintenance.

Options:

Berry's **Giblet Chiller** is available in a 10' long (B-GC3010) and a 16' long (B-GC4016) model also.
