

Berry Plumbing & Equipment

Model B-TD-1

Model B-TD-1 Tub Dumper
from Berry Plumbing & Equipment
features a flow through design
constructed for strength and stability.

Berry Tub Dumper

INSTALLED POWER:	HYDRAULIC
HEIGHT:	45 1/2" ADJUSTABLE
WIDTH:	32"
DEPTH:	48"

Construction:

The Berry Plumbing & Equipment **Tub Dumper Model B-TD-1** is constructed entirely of stainless steel.

Maintenance:

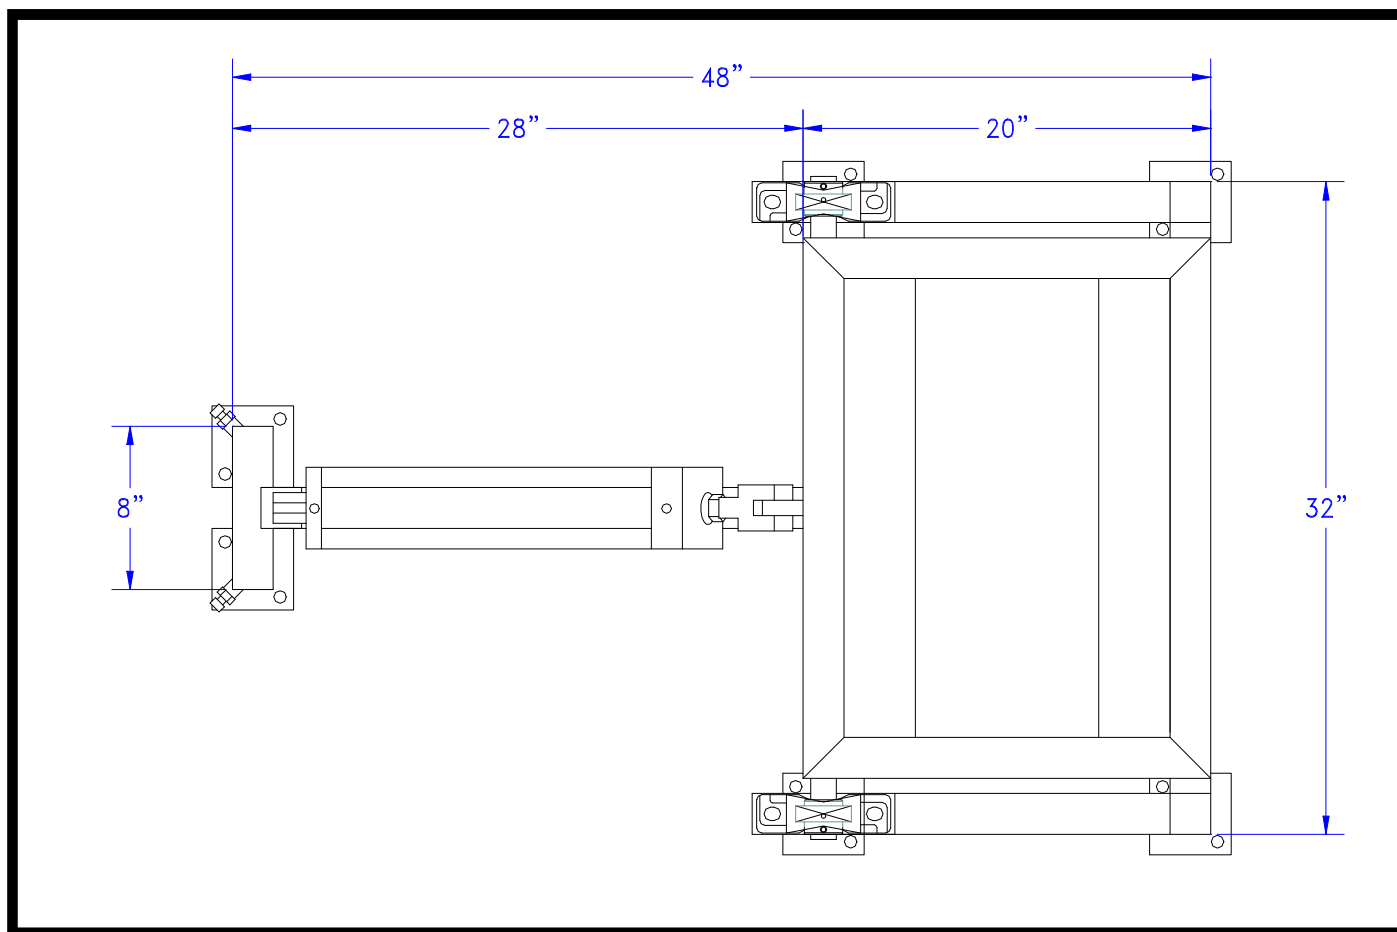

Great care is given by Berry Designers and technicians to assure that the **B-TD-1 Tub Dumper** is manufactured with smooth rounded edges to make clean up and maintenance safe and easy. Regular cleaning and greasing of bearings are the only maintenance required.

Operation:

Tubs are dumped as they pass through the pneumatically operated dumping station, allowing the empty tubs to be transported to a stack off area.

Options:

Controls are available to make the Berry **B-TD-1 Tub Dumper** operate automatically. Also infeed and discharge conveyors can be provided in any configuration required for your operation.

The specifications as stated herein are the most current at the time of publication. However, consistent with our standard of continual product development, we reserve the right to change the design without notice or obligation to modify any equipment previously sold or delivered.
